1. Case Details

1. 1 Case Description

On the evening of April 2nd, a group of armed suspects broke into a local warehouse situated on the outskirts of Rivertown. Surveillance footage reveals at least four individuals wearing masks and gloves. The robbers forced entry into the storage area, where they took valuable electronic goods, including high-end computers, televisions, and mobile devices. Local law enforcement has identified potential escape routes, but no arrests have been made as of yet. Investigators are currently reviewing CCTV footage and tracking down leads from witnesses in the area. At this point, the suspects have managed to evade capture, but the investigation is ongoing.
